

GAZEBO COLLECTION
create a backyard escape

A relaxing *escape*
can be as close as your
backyard.

Feel stress melt away... in any way you choose. Whether it's putting your feet up and immersing yourself in a good book or having family and neighbors over for a casual dinner, there's no place like home for recuperating after a long day or work week. And really, where else would you rather be than right where you live — yet a world apart?

Although the wood is already pressure treated for longevity, we encourage you to add our Sherwin-Williams Super Deck Sealer to extend the life of your gazebo and enhance its appearance.
